CRIME AND CASUALTY.

THE POINT BREEZE FIRE.

Philadelphia, June 13.—The Point Breeze fire has broken out again. A second alarm has been sounded and a dispatch from there says the whole place is again in flames.

SECOND DISPATCH.

11.45 A. M.—The fire at Point Breeze was rekindled at 11.15 this morning by a stiff breeze, which soon fanned the flames to immense proportions. The Atlantic Petroleum Storage Co.'s warehouse, about 500 feet long and 150 feet wide, took fire from the burning oil which escaped from the Hudson, one of the vessels, which has been in flames since the fire of Wednesday. The entire works and surroundings are in imminent peril.

THIRD DISPATCH.

12.20 p. m.—The following dispatch has just been received from Point Breeze:

At noon the place is going. It is feared now that the fire will reach the Point Breeze Oil Works. A strong westerly wind blew the flames to the wharf of the Atlantic Petroleum Storage Company and the fire at once spread to a large shed 200 by 80 feet, immediately south of the warehouse, which was destroyed Wednesday.

The wind then veered to the north and a long line of sheds, extending for nearly a mile to the southward, caught fire, and by noon all were ablaze with 7,300 barrels of oil which they contained. South of these sheds are the Point Breeze Oil Works, alluded to in the above dispatch, and below that point are a large number of frame buildings occupied by the workmen and their families. In the rear of the seven sheds reported on fire there are five others, and larger warehouses, the smallest of which is 260 feet long by 120 wide, and the largest 460 feet by 125. These are separated from the burning sheds by an elevation of ground, and from present indications they will be saved as well as the Atlantic Oil Company's tanks further east, which contain 135,000 barrels of crude and 40,000 barrels of refined and special oils in process of manufacture.

The brick residence of Mr. Wilson, near the first of the sheds which took fire this morning, is burned.

DESTRUCTIVE STORM.

Cincinnati, June 13.—Dispatches from Ohio, Indiana and Kentucky state that a destructive storm of wind and rain passed over that region from north to south, reaching points in Kentucky, Wednesday night, doing considerable damage to crops and fences.

Lightning struck several dwellings at Salem, Ind. Daniel Mitchell, of that place was killed by a stroke of lightning while standing under a tree.

The railroad depot at Christiansburg, Ky., was completely destroyed. Two hundred trees in that place were uprooted.

CRIME and CASUALTY.

STILL A MYSTERY.

New York, June 12.—No arrests have yet been made in connection with the murder yesterday of Mrs. Hall.

New York, June 12.—A police officer high in authority, in speaking with a reporter of the *Evening Post* this morning of the murder of Mrs. Hull, admitted that he was convinced the murder was committed by some person in the house, and said the taking of the jewels was a device too shallow to deceive any one. He also admitted that it was likely an arrest would be made very soon, possibly to-day.

Supt. Walling is said to be convinced that the missing jewels are still in the house, but if the jewels are not found in the house or in the drains the police theory of the murder will not be altered, as they they say it is impossible to say how far the jewels might be carried along the sewer by matter passing through them. Dr. Hull is under surveillance.

The idea that the murder was committed by professional burglars is generally discredited by all persons familiar with criminal matters. The detectives are confident of working up the case before the end of the week. Three thousand postal cards, giving a description of the missing jewelry, will be sent to all parts of the country.

The police will get full statements from every member of the household as to their knowledge of the existing feeling between themselves and Mrs. Hull and others in the house, as well as of the events immediately preceding and following the murder.

Capt. Williams, on entering the house to-day, met Dr. Hull in the hallway and handed a dispatch to him. Dr. Hull read the dispatch and then handed it back to the captain, who read it and questioned the doctor about it. The contents of the dispatch could not be learned.

Officers have been instructed to take charge of all letters and dispatches directed to inmates of the house.

ARREST OF COUNTERFEITERS.

Springfield, Ill., June 12.—This morning the United States marshal brought in from Rosalie, Ill., J. R. Jens, Alex. Hardesty, J. R. Wymond and J. O. Woot, on a charge of cutting notes intending to pass as money, in denominations of less than $1. They were held in sums of $500 each, to answer before the grand jury. It is said the country has been flooded with this kind of scrip in southern Illinois.

ESCAPE OF CONVICTS.

Huntsville, Ala., June 12.—While convicts were marching to Denver, yesterday, six broke away—two were shot dead, the others are still at large.

FIRE.

Louisville, June 12.—A fire on Third street near Water, to-day destroyed J. S. Willett's tobacco factory and other property.

RUSTIC RELIGION.

[Correspondence of the Sentinel.]

Sylvan Lake, Rome City, June 12.—Just after the crowd had assembled at the open air auditorium to hear the temperance speech, yesterday afternoon, a rain storm came up, which drove the crowd into the canvass tabernacle. After quiet had been restored the meeting opened with vocal music led by Prof. O'Kanes, and prayer by Rev. Mr. Hughes from Lagrange. Then Rev. A. E. Mahin, of Fort Wayne, made one of his stirring speeches, which broke the ice and made the way clear for Mason Long, who spoke feelingly for some five minutes. Then Mr. Hallenbeck spoke and was followed by Dr. Reynolds, the founder of the red ribbon movement. The secret of Dr. Reynolds's success, like that of Francis Murphy, and everybody else who succeeds, is in his earnestness, the forcible manner in which he speaks convincing his hearers at once that he believes what he says. The meeting was a very enjoyable one.

The night session was taken up by the exhibition of Dr. Perrine's magnificent panorama of Palestine. The tabernacle was well filled, and the people were held till after 10 o'clock.

This morning opened up with a clear sky and pure bracing air, which makes it delightful on this beautiful island. The exercises in the tabernacle were of an interesting character. Rev. Mr. Goodman of Randallville, is now addressing a fine audience.

THE SÆNGERFEST.

Cincinnati, June 12. The streets this morning seem to have resumed their wonted appearance, as far as the crowding of the moving multitude is concerned. If it were not for the flag decorations, one would hardly imagine that any thing out of the usual order was occurring, but the vast throng of yesterday are still in the city, and seem to have betaken themselves to the hill tops and parks where balloon ascensions and picnics and concerts are the order of the day.

The weather is favorable to the highest enjoyment of the fest and the musical hall concerts this afternoon and evening. The attendance promises to be large among the soloists this afternoon is Miss Annie Norton, who has been so prominent in the orchestral concerts the past winter. Mme. Alvesleben will sing from Samson, and Myron W. Whitney one from Acis and Galatha.

LATE CITY NEWS.

HOLD YOUR HORSES.

A Little Excitement at a Railroad Crossing—Frightened Horses Do Some Damage.

Last Wednesday evening during the heavy rain, there was an exciting time at the Calhoun street crossing of the Pittsburgh railroad. James Wilding, the well-known plasterer, accompanied by his daughter-in-law, Mrs. J. W. Wilding, and by Mrs. J. L. Potter and her child, was riding in a spring wagon and reached the crossing just as a switch engine passed about half way across the street. Behind them was a double team and at their side a wagon loaded with lumber. The day watchman had left, and the night watchman had not come; at least the parties say there was no watchman to be seen. Mr. W.'s horse took fright from the engine and reared on his hind feet, backing persistently although a man had rushed out and seized him by the bit. He was unable to hold the affrighted animal. Mrs. Potter became frightened and jumped from the vehicle with her child in her arms. Mrs. Potter struck on her knee, receiving a painful but not at all serious bruise. The horses attached to the lumber wagon in the meantime took fright and dashed off, throwing out the driver, who became tangled in the reins and was dragged about forty rods. The horses were brought to a stop and the man picked up and conveyed to his home. He was badly bruised and jammed up, and was possibly injured internally. He is a carpenter living on Williams street, but the SENTINEL reporter, despite diligent inquiry, was unable to obtain his name.

Altogether it is really remarkable that, under the circumstances, there were not fatal results. The drenching rain which was falling did not add to the comfort of the participants.

ARREST OF COUNTERFEITERS.

Springfield, Ill., June 12.—This morning the United States marshal brought in from Rosalie, Ill., J. R. Jens, Alex. Hardesty, L. R. Wymond and J. O. Woot, on a charge of cutting notes intending to pass as money, in denominations of less than $1. They were held in sums of $500 each, to answer before the grand jury. It is said the country has been flooded with this kind of scrip in southern Illinois.

ESCAPE OF CONVICTS.

RUSTIC RELIGION.

[Correspondence of the Sentinel.]

Sylvan Lake, Rome City, June 12.—Just after the crowd had assembled at the open air auditorium to hear the temperance speech, yesterday afternoon, a rain storm came up, which drove the crowd into the canvass tabernacle. After quiet had been restored the meeting opened with vocal music led by Prof. O'Kanes, and prayer by Rev. Mr. Hughes from Lagrange. Then Rev. A. E. Mahin, of Fort Wayne, made one of his stirring speeches, which broke the ice and made the way clear for Mason Long, who spoke feelingly for some five minutes. Then Mr. Hallenbeck spoke and was followed by Dr. Reynolds, the founder of the red ribbon movement. The secret of Dr. Reynolds's success, like that of Francis Murphy, and everybody else who succeeds, is in his earnestness, the forcible manner in which he speaks convincing his hearers at once that he believes what he says. The meeting was a very enjoyable one.

The night session was taken up by the exhibition of Dr. Perrine's magnificent panorama of Palestine. The tabernacle was well filled, and the people were held till after 10 o'clock.

This morning opened up with a clear sky and pure bracing air, which makes it delightful on this beautiful island. The exercises in the tabernacle were of an interesting character. Rev. Mr. Goodman of Randallville, is now addressing a fine audience.

THE SÆNGERFEST.

Cincinnati, June 12.—The streets this morning seem to have resumed their wonted appearance, as far as the crowding of the moving multitude is concerned. If it were not for the flag decorations, one would hardly imagine that any thing out of the usual order was occurring, but the vast throng of yesterday are still in the city, and seem to have betaken themselves to the hill tops and parks where balloon ascensions and picnics and concerts are the order of the day.

The weather is favorable to the highest enjoyment of the fest and the musical hall concerts this afternoon and evening. The attendance promises to be large among the soloists this afternoon is Miss Annie Norton, who has been so prominent in the orchestral concerts the past winter. Mme. Alvesleben will sing from Samson, and Myron W. Whitney one from Acis and Galatha

LATE CITY NEWS.

HOLD YOUR HORSES.

A Little Excitement at a Railroad Crossing—Frightened Horses Do Some Damage.

Last Wednesday evening during the heavy rain, there was an exciting time at the Calhoun street crossing of the Pittsburgh railroad. James Wilding, the well known plasterer, accompanied by his daughter-in-law, Mrs. J. W. Wilding, and by Mrs. J. L. Potter and her child, was riding in a spring wagon and reached the crossing just as a switch engine passed about half way across the street. Behind them was a double team and at their side a wagon loaded with lumber. The day watchman had left, and the night watchman had not come; at least the parties say there was no watchman to be seen. Mr. W.'s horse took fright from the engine and reared on his hind feet, backing persistently although a man had rushed out and seized him by the bit. He was unable to hold the affrighted animal. Mrs. Potter became frightened and jumped from the vehicle with her child in her arms. Mrs. Potter struck on her knee, receiving a painful but not at all serious bruise. The horses attached to the lumber wagon in the meantime took fright and dashed off, throwing out the driver, who became tangled in the reins and was dragged about forty rods. The horses were brought to a stop and the man picked up and conveyed to his home. He was badly bruised and jammed up, and was possibly injured internally. He is a carpenter living on Williams street, but the SENTINEL reporter, despite diligent inquiry, was unable to obtain his name.

Altogether it is really remarkable that, under the circumstances, there were not fatal results. The drenching rain which was falling did not add to the comfort of the participants.

Congressional Summary.

Thursday, June 12.—SENATE.—A substitute, improving the form of the legislative, executive and judicial appropriation bill, but not changing the amount appropriated, was introduced and referred to the committee on appropriations. The bill continuing the pension of $100 per month to Gen. Shields's widow, and $100 per month to Mrs. Fletcher Webster, was passed. Mr. Blaine replied to the speech of Mr. Hill made yesterday on the McDonald military bill. HOUSE.—The bill from the committee on civil service reform, prohibiting government officers, claimants or contractors from making contributions for political purposes, went over on account of lack of time.

THE eyes of the country are again "sot" on Ohio.

IT is reported that SAM CARY will stump Ohio for EWING. CARY the news to FOSTER.

ZACH CHANDLER is said to have the presidential bee in his bonnet. He is also alleged to frequently carry a brick in his hat. Old ZACH's head-gear seems to be badly out of order.

BLUE JEANS WILLIAMS might be justified in looking after the seat of Senator JOE MCDONALD, which will become vacant one of these days.—*Cincinnati Enquirer.*

MCDONALD is good for another term in the senate unless he prefers a seat on the supreme bench.

GIVE the American farmer the right to sell what he produces in that market where there is the greatest scarcity, and the right to buy what he needs in that market where there is the greatest abundance, and of all workingmen he will be the most independent.

THE Maine republicans are doubtful of their ability to carry that state, and think seriously of nominating BLAINE for governor. But Maine is not a pivotal state, and BLAINE is not anxious to leave the senate for this purpose. Little EUGENE HALE, or FRYE, or old man HAMLIN, or LOTT MORRILL, are available, however.

JOHN G. THOMPSON is replaced as chairman of the Ohio democratic central committee by LEW HARRIS, a leading democratic politician of Cincinnati. Mr. THOMPSON has proven himself one of the most efficient organizers and campaign managers in this country, and at this distance it looks as if his displacement by a new man were a mistake.

THE Cincinnati *Enquirer* is greatly pleased at the campaign prospects in Ohio. It says:

The nomination of EWING and RICE are now generally admitted to have changed the character of the republican policy of the Ohio campaign. It was intended to be carefully aggressive. The fire and vim of that have all been drawn, and the party has been driven to a defensive policy. The affirmative has been forced to give way to the fend off, and with the push and aggressiveness on the side of the democracy, JOHN SHERMAN will think he stepped to the front rather too soon.

WE print elsewhere a highly sensational article from the Cincinnati *Enquirer*, to the effect that VANDERBILT has laid his plans to capture the Wabash and Erie Canal, with a view to building a railroad from Toledo to Evansville, which will operate as a powerful rival to the Wabash line, and prove a great feeder to the New York Central. It is alleged that the recent meeting at Huntington was engineered by VANDERBILT, and that his scheme will soon be consummated. The story is decidedly fishy.

STATE NEWS.

Henry Shearman, of South Bend, committed suicide on Sunday by a total submersion in the St. Joe River.

J. B. Bidwell, of South Bend, is about completing an air ship at Indianapolis. It will be cigar-shaped, 47 feet long and 18 feet in diameter, and will be run by a rotary double-cylinder condensed air engine, which will drive a propeller attached to the rear.

Forty-five molders in Gohmann & Co.'s stove foundry at New Albany, joined in the strike Monday, closing the works. The molders strike for an advance of twenty percent on present labor. The proprietors will take the same action as the Louisville manufacturers.

John T. Carr, a well known and reputable farmer of Spencer county, was arrested Monday by a United States marshal on the charge of embezzling $1,400 funds of infant wards. He tells a touching story of misfortunes, and the officer had to take him from his wife, who had just been confined with twins, and a number of small children.

On Monday evening about 9 o'clock as Mr. W. H. Rutter, auditor of the county, was wending his way to his home, which is located one block east of the court house square, he was attacked by a footpad who demanded of him his watch and money. Mr. Rutter refusing, the villain attempted to seize him, when Mr. Rutter fled, reaching his home in safety.—*Columbia City Post.*

A few days ago an old man named Michael Dougherty was robbed of about $85, at the railroad depot in Logansport. His wallet was snatched from his hand by two thieves, who then ran away. The authorities were at once notified and the men pursued. They were captured that same night, near Colburn, by Railroad Detective Bennett and Conductor Yule. Sixty-five dollars of the amount stolen was recovered, and the thieves bound over in the sum of $1,000 each.

A fully developed case of leprosy exists near Salem. Her name is Christeson, and she lives twelve miles north of that place. Her skull in places has actually decayed away, so that the brains have protruded and been removed. The bones of the leg have gradually decayed until they are only from one-quarter to one-third their natural size. She is, as it were, a walking pestilence. The physicians say that it is a real case of leprosy. The unfortunate person has been a resident of the county for thirty years.

LAST NIGHT'S DISPATCHES.

The Cincinnati Saengerfest.

Cincinnati, June 12.—To-night has been a gala one for the Saengerfest, both in quality of the singing and attendance. Fully 4,000 people were seated before the opening of the concert, and the total attendance will probably number some hundreds more. The chorus seats were packed solidly by the male singers, and they presented quite a contrast in their absence of colors when compared with the bright costumes of the lady singers of last evening.

Prof. Carl Barus was director for the evening. The concert opened with "The German Warrior's Oath Prayer," which was written by Ferdinand Moehring previous to the breaking out of the Franco-Prussian war, and was inspired by the interview between the then king of Prussia and the French envoy, Beneditti, at Ems. Mr. Remmerts sustained the solo admirably, and the chorus was exceedingly prompt in its movements.

The second number of the programme, an aria, "Oh Pollida," by Beethoven, was sung by Miss Emma Heckle, of this city. This was followed by a chorus of male voices, "Take Wing My Song" was sung without orchestral accompaniment and was delivered in fine style.

Miss Helene Balatka, of Chicago, drew rounds of bravos and fairly received an ovation after singing an aria from the "Magic Flute," and the applause continued until she repeated it.

"God, Fatherland and Love," a serious but beautiful composition by Tschierch, was finely given by the full chorus of male voices, and was followed by Mr. Whitney with a solo "Honor and Arms," which won an encore.

The closing number of the first part of the concert was "Easter Morning." Madame Alvesleben sang the solo supported by the full orchestra chorus and the great organ. In this Madame Alvesleben achieved her greatest triumph thus far during the fest. At its close half of the vast audience besides the chorus, were on their feet cheering an encore.

The concert closed with "Paradise Lost." There was evidently greater sympathy between the singers, orchestra and audience to-night than at any previous concert, and this no doubt had its effect in the execution of the music on the programme.

HIGH AUTHORITY.

The late eminent chemist, Prof. Jas. V. Z. Blaney, says, in his letter of December 4th, 1874: "Since I became satisfied, by my analysis, with the purity of Dr. Price's Cream Baking Powder, of its freedom from adulteration, the care taken in its preparation, I have had it used in my own house."

A WORD TO THE CORPULENT.

Instead of regarding obesity as an abnormal condition, many people have erroneously considered it as an evidence of health, and any agent that reduces fat is therefore at once suspected of being injurious. Starting to reason from the false position that fat is an evidence of health, it is not surprising that they should, very naturally, fall into the error of supposing that an agent possesing properties capable of reducing corpulency would prove injurious to the health. Reasoning, however, from the rational basis, that an undue deposition of fat, constituting obesity, is not a healthy but a morbid condition, it is quite as natural for us to arrive at the opposite conclusion, which is sustained by experience and observation, *i. e.*, that the reduction of fat in cases of corpulency is invariably followed by an improvement of strength, spirits, and physical comports. Allan's Anti-Fat will reduce a fat person from two to five pounds a week. Sold by druggists.

BE YE LIKE FOOLISH.

"For ten years my wife was confined to her bed with such a complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in humbug stuff. Six months ago, I saw a U. S. flag with Hop Bitters on it, and I thought I would be a fool once more. I tried it, but my folly proved to be wisdom. Two bottles cured her. She is now as well and strong as any man's wife, and it cost me only two dollars. Be ye likewise foolish."—H. W., Detroit, Mich.

Woman.

By an immense practice at the World's Dispensary and Invalids' Hotel, having treated many thousand cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and positive remedy for these diseases.

To designate this natural specific, I have named it

Dr. Price's Favorite Prescription

The term, however, is but a feeble expression of my high appreciation of its value, based upon personal observation. I have, while witnessing its positive results in the special diseases incident to the organism of woman, singled it out as the *Climax or Crowning Gem of my medical career.* On its merits, as a positive, safe and effectual remedy for this class of diseases, and one that will, at all times and all circumstances, act kindly, I am willing to stake my reputation as a physician; and so confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who uses it for any of the ailments for which I recommend it, that I offer and sell it under A POSITIVE GUARANTEE. (For conditions, see pamphlet wrapping bottle.)

The following are among those diseases in which my **Favorite Prescription** has worked cures, as if by magic, and with a certainty never before attained by any medicine: Leucorrhoea, Excessive Flowing, Painful Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Prolapsus, or falling of the Uterus, Anteversion and Retroversion, Bearing-down Sensations, Internal Heat, Nervous Depression, Debility, Despondency, Threatened Miscarriage, Chronic Congestion, Inflammation and Ulceration of the Uterus, Impotency, Barrenness, or Sterility, and Female Weakness. I do not extol this medicine as a "cure-all," but it admirably fulfills a singleness of purpose, being a most perfect specific in all chronic diseases of the sexual system of women. It will not disappoint, nor will it do harm, in any state or condition.

Those who desire further information on these subjects can obtain it in THE PEOPLE'S COMMON SENSE MEDICAL ADVISER, a book of over 900 pages, sent, postpaid, on receipt of $1.50. It treats minutely of those diseases peculiar to Females, and gives much valuable advice in regard to the management of those affections.

DR. R. V. PIERCE, having acquired a world-wide reputation in the treatment of Chronic Diseases, resulting in a professional business far exceeding his individual ability to conduct, some years ago induced several medical gentlemen to associate themselves with with him, as the Faculty of the World's Dispensary, the Consulting Department of which has since been merged with the INVALIDS' HOTEL. The organization has been completed and incorporated under the name and style of **World's Dispensary Medical Association**, with the following officers: Hon. R. V. PIERCE, President; F. D. PIERCE, V. President; JOHN E. PIERCE, Secretary; LESTER B. SMITH, Treasurer.

NINE PHYSICIANS AND SURGEONS of eminence and skill have been chosen as the Faculty.

CHRONIC DISEASES of all forms come within the province of our several specialties.

LUNG DISEASES—This division of practice is very ably managed by a gentleman of mature judgment and skill. Bronchial, Throat and Lung Diseases treated with the most successful results.

DISEASES OF WOMEN.—Especially are our facilities of a superior order for the cure of all those chronic diseases peculiar to females.

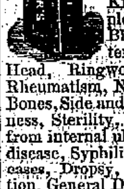

NERVOUS DISEASES—Paralysis, Nervous Debility, Epilepsy (Fits), Chorea (St. Vitus's Dance), Neuralgia, and other nervous affections, receive the attention of an expert in this specialty.

NOT NECESSARY TO SEE PATIENTS.—By our original system of diagnosis, we can treat many chronic diseases as successfully without as with a personal consultation. For particulars see "People's Common Sense Medical Adviser" (1,000 pages, sent post-paid for $1.50) or "Invalids' and Tourists' Guide Book" (100 pages, 10 cents post-paid).

SURGICAL CASES.—Among the operations which we are called upon most frequently to perform, are those for Nasal Polypus, Harelip, Tumors, Fistula in Ano, Piles, Hernia (Rupture), Hydrocele (Dropsy of the Scrotum), Varicocele, Ovarian and Uterine Tumors, Calculi (Stone in the Bladder), Stricture, etc., etc. We also treat successfully, by a new method without surgical operation, Cancers, Club-feet, Spinal Curvature, and other deformities. Ayer's Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhoea, arising from internal ulceration, and uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skilfully combined that the full alterative effect of each is assured; and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it proves their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.

Congressional Summary.

Thursday, June 12.—SENATE.—A substitute, improving the form of the legislative, executive and judicial appropriation bill, but not changing the amount appropriated, was introduced and referred to the committee on appropriations. The bill continuing the pension of $100 per month to Gen. Shields's widow, and $100 per month to Mrs. Fletcher Webster, was passed. Mr. Blaine replied to the speech of Mr. Hill made yesterday on the McDonald military bill. HOUSE.—The bill from the committee on civil service reform, prohibiting government officers, claimants or contractors from making contributions for political purposes, went over on account of lack of time.

THE eyes of the country are again "sot" on Ohio.

IT is reported that SAM CARY will stump Ohio for EWING. CARY the news to FOSTER.

ZACH CHANDLER is said to have the presidential bee in his bonnet. He is also alleged to frequently carry a brick in his hat. Old ZACH's head-gear seems to be badly out of order.

BLUE JEANS WILLIAMS might be justified in looking after the seat of Senator JOE MCDONALD, which will become vacant one of these days.—*Cincinnati Enquirer.*

MCDONALD is good for another term in the senate unless he prefers a seat on the supreme bench.

GIVE the American farmer the right to sell what he produces in that market where there is the greatest scarcity, and the right to buy what he needs in that market where there is the greatest abundance, and of all workingmen he will be the most independent.

THE Maine republicans are doubtful of their ability to carry that state, and think seriously of nominating BLAINE for governor. But Maine is not a pivotal state, and BLAINE is not anxious to leave the senate for this purpose. Little EUGENE HALE, or FRYE, or old man HAMLIN, or LOTT MORRILL, are available, however.

JOHN G. THOMPSON is replaced as chairman of the Ohio democratic central committee by LEW HARRIS, a leading democratic politician of Cincinnati. Mr. THOMPSON has proven himself one of the most efficient organizers and campaign managers in this country, and at this distance it looks as if his displacement by a new man were a mistake.

THE Cincinnati *Enquirer* is greatly pleased at the campaign prospects in Ohio. It says:

The nomination of EWING and RICE are now generally admitted to have changed the character of the republican policy of the Ohio campaign. It was intended to be [illegible] aggressive. The fire and vim of that have all been drawn, and the party has been driven to a defensive policy. The affirmative has been forced to give way to the fend off, and with the push and aggressiveness on the side of the democracy, JOHN SHERMAN will think he stepped to the front rather too soon.

WE print elsewhere a highly sensational article from the Cincinnati *Enquirer*, to the effect that VANDERBILT has laid his plans to capture the Wabash and Erie Canal, with a view to building a railroad from Toledo to Evansville, which will operate as a powerful rival to the Wabash line, and pr[illegible] a g[illegible]t [illegible] the New York Central. It [illegible] alle[illegible] th[illegible] the rece[illegible] meeting at Huntington was engineered by VANDERBILT, and that his scheme will soon be consummated. The story is decidedly fishy.

He tells a touching story of misfortunes, and the officer had to take him from his wife, who had just been confined with twins, and a number of small children.

On Monday evening about 9 o'clock as Mr. W. H. Rutter, auditor of the county, was wending his way to his home, which is located one block east of the court house square, he was attacked by a footpad who demanded of him his watch and money. Mr. Rutter refusing, the villain attempted to seize him, when Mr. Rutter fled, reaching his home in safely.—*Columbia City Post.*

A few days ago an old man named Michael Dougherty was robbed of about $85, at the railroad depot in Logansport. His wallet was snatched from his hand by two thieves, who then ran away. The authorities were at once notified and the men pursued. They were captured that same night, near Colburn, by Railroad Detective Bennett and Conductor Vale. Sixty-five dollars of the amount stolen was recovered, and the thieves bound over in the sum of $1,000 each.

A fully developed case of leprosy exists near Salem. Her name is Christeson, and she lives twelve miles north of that place. Her skull in places has actually decayed away, so that the brains have protruded and been removed. The bones of the leg have gradually decayed until they are only from one-quarter to one-third their natural size. She is, as it were, a walking pestilence. The physicians say that it is a real case of leprosy. The unfortunate person has been a resident of the county for thirty years.

LAST NIGHT'S DISPATCHES.

The Cincinnati Sængerfest.

Cincinnati, June 12.—To-night has been a gala one for the Sængerfest, both in quality of the singing and attendance. Fully 4,000 people were seated before the opening of the concert, and the total attendance will probably number some hundreds more. The chorus seats were packed solidly by the male singers, and they presented quite a contrast in their absence of colors when compared with the bright costumes of the lady singers of last evening.

Prof. Carl Barus was director for the evening. The concert opened with "The German Warrior's Oath Prayer," which was written by Ferdinand Moehring previous to the breaking out of the Franco-Prussian war, and was inspired by the interview between the then king of Prussia and the French envoy, Beneditti, at Ems. Mr. Remmerts sustained the solo admirably, and the chorus was exceedingly prompt in its movements.

The second number of the programme, an aria, "Oh Poffida," by Beethoven, was sung by Miss Emma Hechle, of this city. This was followed by a chorus of male voices. "Take Wing My Song" was sung without orchestral accompaniment and was delivered in fine style.

Miss Helene Balatka, of Chicago, drew rounds of bravos and fairly received an ovation after singing an aria from the "Magic Flute," and the applause continued until she repeated it.

"God, Fatherland and Love," a serious but beautiful composition by Tszchierch, was finely given by the full chorus of male voices, and was followed by Mr. Whitney with a solo "Honor and Arms," which won an encore.

The closing number of the first part of the concert was "Easter Morning." Madame Alvesleben sang the solo supported by the full orchestra chorus and the great organ. In this Madame Alvesleben achieved her greatest triumph, thus far during the fest. At its close half of the vast audience besides the chorus, were ou their feet cheering an encore.

The concert closed with "Paradise Lost." There was evidently greater sympathy between the singers, orchestra and audience to.night than at any previous concert, and this no doubt had its effect in the executiod of the music on the programme.

HIGH AUTHORITY.

The late eminent chemist, Prof. Jas. V. Z. Blaney, says, in his letter of December 4th, 1874: "Since I became satisfied, by my analysis, with the purity of Dr. Price's Cream Baking Powder, of its freedom from adulteration, the care taken in its preparation, I have had it used in my own house."

A WORD TO THE CORPULENT.

Instead of regarding obesity as an abnormal condition, many people have erroneously considered it as an evidence of health, and any agent that reduces fat is therefore at once suspected of being injurious. Starting to reason from the false position that fat is an evidence of health, it is not surprising that they should, very naturally, fall into the error of supposing that an agent possessing properties capable of reducing corpulency would prove injurious to the health. Reasoning, however, from the rational basis, that an undue deposition of fat, constituting obesity, is not a healthy but a morbid condition, it is quite as natural for us to arrive at the opposite conclusion, which is sustained by experience and observation, *i. e.*, that the reduction of fat in cases of corpulency is invariably followed by an improvement of strength, spirits, and physical comports. Allan's Anti-Fat will reduce a fat person from two to five pounds a week. Sold by druggists.

BE YE LIKE FOOLISH.

"For ten years my wife was confined to her bed with such a complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in humbug stuff. Six months ago, I saw a U. S. flag with Hop Bitters on it, and I thought I would be a fool once more. I tried it, but my folly proved to be wisdom. Two bottles cured her. She is now as well and strong as any man's wife, and it cost me only two dollars. Be ye likewise foolish."—H. W., Detroit, Mich.

Woman.

By an immense practice at the World's Dispensary and Invalids' Hotel, having treated many thousand cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and positive remedy for these diseases.

To designate this natural specific, I have named it

Dr. Price's Favorite Prescription

The term, however, is but a feeble expression of my high appreciation of its value, based upon personal observation. I have, while witnessing its positive results in the special diseases incident to the organism of woman, singled it out as the **Climax or Crowning Gem of my medical career.** On its merits, as a positive, safe and effectual remedy for this class of diseases, and one that will, at all times and all circumstances, act kindly, I am willing to stake my reputation as a physician; and so confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who uses it for any of the ailments for which I recommend it, that I offer and sell it under A POSITIVE GUARANTEE. (For conditions, see pamphlet wrapping bottle.)

The following are among those diseases in which my **Favorite Prescription** has worked cures, as if by magic, and with a certainty never before attained by any medicine: Leucorrhœa, Excessive Flowing, Painful Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Prolapsus, or falling of the Uterus, Anteversion and Retroversion, Bearing-down Sensations, Internal Heat, Nervous Depression, Debility, Despondency, Threatened Miscarriage, Chronic Congestion, Inflammation and Ulceration of the Uterus, Impotency, Barrenness, or Sterility, and Female Weakness. I do not extol this medicine as a "cure-all," but it admirably fulfills a singleness of purpose, being a most perfect specific in all chronic diseases of the sexual system of women. It will not disappoint, nor will it do harm, in any state or condition.

Those who desire further information on these subjects can obtain it in THE PEOPLE'S COMMON SENSE MEDICAL ADVISER, a book of over 900 pages, sent, postpaid, on receipt of $1.50. It treats minutely of those diseases peculiar to Females, and gives much valuable advice in regard to the management of those affections.

DR. R. V. PIERCE, having acquired a world-wide reputation in the treatment of Chronic Diseases, resulting in a professional business far exceeding his individual ability to conduct, some years ago induced several medical gentlemen to associate themselves with with him, as the Faculty of the World's Dispensary, the Consulting Department of which has since been merged with the **INVALIDS' HOTEL.** The organization has been completed and incorporated under the name and style of **World's Dispensary Medical Association**, with the following officers: Hon. R. V. PIERCE, President; F. D. PIERCE, V. President; JOHN E. PIERCE, Secretary; LESTER B. SMITH, Treasurer.

NINE PHYSICIANS AND SURGEONS of eminence and skill have been chosen as the Faculty.

CHRONIC DISEASES of all forms come within the province of our several specialties.

LUNG DISEASES.—This division of practice is very ably managed by a gentleman of mature judgment and skill. Bronchial, Throat and Lung Diseases treated with the most successful results.

DISEASES OF WOMEN.—Especially are our facilities of a superior order for the cure of all those chronic diseases peculiar to females.

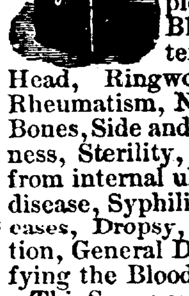

NERVOUS DISEASES.—Paralysis, Nervous Debility, Epilepsy (Fits), Chore (St. Vitus's Dance), Neuralgip, and other nervous affections, receive the attention of an expert in this specialty.

NOT NECESSARY TO SEE PATIENTS.—By our original system of diagnosis, we can treat many chronic diseases as successfully without as with a personal consultation. For particulars see "People's Common Sense Medical Adviser" (1,000 pages, sent post-paid for $1.50) or "Invalids' and Tourists' Guide Book" (100 pages, 10 cents post-paid).

SURGICAL CASES.—Among the operations which we are called upon most frequently to perform, are those for Nasal Polypus, Harelip, Tumors, Fistula in Ano, Piles, Hernia (Rupture), Hydrocele (Dropsy of the Scrotum), Varicocele, Ovarian and Uterine Tumors, Calculi (Stone in the Bladder), Stricture, etc., etc. We also treat successfully, by a new method without surgical operation, Cancers, Club-feet, Spinal Curvature, and other deformities. Ayer's
Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhœa, arising from internal ulceration, and uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skilfully combined that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it proves their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.

DR. TUTT:—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last Spring your Pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.

A TORPID LIVER

is the fruitful source of many diseases, such as Dyspepsia, Sick Headache, Costiveness, Dysentery, Bilious Fever, Ague and Fever, Jaundice, Piles, Rheumatism, Kidney Complaint, Colic, etc.

Tutt's Pills exert a powerful influence on the Liver, and will with certainty relieve that important organ from disease, and restore its normal functions.

The rapidity with which persons take on flesh, while under the influence of these pills, of itself indicates their adaptability to nourish the body, hence their efficacy in curing nervous debility, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health and strength to the system.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. When the constipation is of recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one pill should be taken every night, gradually lessening the frequency of the dose until a regular daily movement is obtained, which will soon follow.

Huntington *Democrat:* Hon. W. G. Colerick has again returned to Washington, his mother having almost entirely recovered from her late illness. Mr. Colerick is making us a creditable representative, and is always found at his post, voting on the side of the people upon all questions.

The Evansville *Tribune* says: An old citizen of Fort Wayne, who is passing a few days in town, after viewing the city says that there is no reason why Evansville should not, with proper railway feeders, become the first city in the state. He reasons from the history of Fort Wayne, which, under the impulse of its six railways, has nearly doubled in population and business in a very few years.

THE RAILROADS.

The Pittsburgh folks are just now carrying the belt for big time.

New abutments are being put in the Wabash Railroad bridge at Peru.

There is some talk of putting a fast train upon the P. F. W. & C. R. R. shortly.

Sam Monahan was conductor of the fast train from Chicago to this city on Wednesday.

The excursion business, Wabash officers say, promises to assume large portions this summer.

The name of the deaf mute killed on the Richmond road near Fountain City Wednesday was Townsend.

The best time made by the fast train on the Pittsburgh road, Wednesday, was from Columbia City to Fort Wayne. A straight piece of track just nineteen miles long was covered in 19 minutes and 4 seconds.

The percent of operating expenses to gross earnings of the P. F. road during the past year were 0.465 per ton per mile, freight, and 1.208 per mile, passenger, which surpasses the record of any other American railroad save the Lake Shore.

The following paragraph appears in the St. Louis *Globe-Democrat:* It is said that R. E. Ricker, formerly general manager of the Terre Haute and Indianapolis road, has been offered the position of general manager of the Wabash road. He has the matter under consideration.

Speaking of the fast train over the Pittsburgh road on Wednesday, the Chicago *Times* says that "Tom Tully, who has been running on the Fort Wayne road for the past twenty years, and who has the reputation of being able to get more speed out of an engine than any man on the line, took the train out with locomotive No. 218. This engine has a splendid record for speed. Tully thinks nothing of covering a mile of track in a minute with her."

The Singers at Cincinnati.

The Arion Society, seventeen members, and the Sængerbund, nineteen members, are quartered at the Queen City Hotel, in Cincinnati.

Matter of Interest to Travelers.

Tourists, emigrants and mariners find that Hostetter's Stomach Bitters is a medicinal safeguard against unhealthful influences, upon which they can implicitly rely, since it prevents the effects that an unhealthy climate, vitiated atmosphere, unaccustomed or unwholesome diet, bad water, or other conditions unfavorable to health, would otherwise produce. On long voyages or journeys by land in latitudes adjacent to the equator, it is especially useful as a preventive of the febrile complaints and disorders of the stomach, liver and bowels, which are apt to attack natives of the temperate zones sojourning or traveling in such regions, and is an excellent protection against the influence of extreme cold, sudden changes of temperature, exposure to damp or extreme fatigue. It not only prevents intermittent and remittent fever, and other diseases of a malarial type, but eradicates them, a fact which has been notorious for years past in North and South America, Mexico, the West Indies, Australia and other countries.

HIGHLY SENSATIONAL.

Has Wm. H. Vanderbilt Clutched the Wabash and Erie Canal?

An Alleged Scheme to Checkmate Jay Gould.

The Wabash and Erie Canal for nearly half a century has been an important factor in the material interests of the west, and its future has proven a fertile subject of speculation to many of the great men of the country. The canal owes its importance principally to the fact that it passes through Fort Wayne. Formerly imaginative scribblers asserted that there existed in Fort Wayne a canal ring, which was doubtless somewhat mythical, but according to "Jayhawker," the Indianapolis correspondent of the Cincinnati *Enquirer*,

A BIG CANAL RING

has now been formed, which ring consists solely of the great railroad king of the country, Wm. H. Vanderbilt. "Jayhawker" tells his story in yesterday's *Enquirer*, and it is as follows:

RAILROAD COMBINATIONS

in the west are not as gigantic as those in the East, but they have a greater influence out this way than in the east. The latest rumor in regard to these matters is that after the capture of

THE WABASH ROAD

by Jay Gould at the last annual election, Mr. Vanderbilt determined to have a direct line to St. Louis and the Mississippi River independent of his Chicago connections, and has been looking the field over to see what he could capture. His eye finally alighted on

THE WABASH CANAL,

which has been abandoned for quite a number of years, and is now in the hands of a receiver. The line begins at Toledo and runs parallel with the Wabash Railroad to Attica, twenty-five miles west of Lafayette. The tow-path, right-of-way, ready-built towns and warehouses, are at hand for the accommodation of a railroad, so that all the local trade now held by the Wabash Road would be accessible to it. In fact, a first-class road can be built at the cost of ties and iron, from Toledo to Evansville, where it would have connection with the Ohio River and the grain fields of Southern Illinois.

WM. H. VANDERBILT

it is said, has seen this, but in addition has also arranged to capture the Lake Erie and Southwestern Road, now built from Fremont to the eastern line of Mercer county, O., and from there construct a line to Muncie, Ind., when he would connect with the reorganized

LAFAYETTE, MUNCIE & BLOOMINGTON

road, now running through to the Mississippi River. This, with the proposed connections to Indianapolis, would make all of this western country tributary to the New York Central at a much less outlay than would be required to get possession of the Wabash road. A meeting was held at Huntington, this state, last week, ostensibly for the purpose of reorganizing the canal company, but it is alleged that this was a mere blind, and that, at the proper time, Mr. Vanderbilt will appear on the back ground. This would enable him to get even with

JAY GOULD,

who scooped him out of the Wabash road. When the latter gobbled a majority of the stock, that portion necessary to control was quoted at from 2½ to 5, and no demand at that, for it is notoriously known that the Wabash road, neither the old nor the new company, have paid one cent in dividends from the time the road was built, and even now the reorganized company is borrowing money to pay interest on its debt. But in the face of these easily known facts Mr. Gould bulled the stock up to 38, and has it regularly quoted. It can be seen what an enormous margin he would have, could he unload even now, though the knowing ones (those who are always caught) assert that he will drive it still higher, and are aiding him by buying it.

THE CRASH

will come some day, and these gentlemen will begin life again at the bottom of the ladder. The Vanderbilt enterprises are on a different basis. He cares only for control, and when he has 51 percent of the stock he lets the remaining 49 contribute to his advantage, and if he can squeeze the operating expenses out of the line he is satisfied, because he gives that much additional tonnage to the Central Road.

It is not to be supposed that "Jayhawker" would place

HIS HAND ON THE BIBLE

and swear that every word of the above is true, although in fact the story is not in itself improbable. There is certainly one misstatement in the above. The canal is not in the hands of a receiver, having been sold at United States marshal's sale to a private company, the members of which live along the line of the ditch. Doubtless these gentlemen are ready, and willing to receive an offer from Mr. Vanderbilt.

True Virginia Hospitality.

The Lafayette *Dispatch*, in referring to the recent Episcopal convention in this city, says:

The members of the convention speak in the very highest terms of the reception and of the hospitality with which they were entertained by the people of that city. Among the delegates were Col. C. S. Wilson, of Crawfordsville, and the writer of this paragraph. They were the guests of Mr. Hoffman, of Hoffman Brothers, the well-known lumber dealers of that elegant and prosperous city.

It is needless to say that Mr. Hoffman and his family exercised toward their guests the most unbounded Virginia hospitality. Nothing was left undone to make them perfectly at home and truly comfortable.

The Hoffman Brothers are running two of the largest saw mills in the state, in which are used the celebrated "band saws" of their own invention. Some of our readers may not know what these saws are. We will say that they consist of a strip of steel some thirty-four feet long, five inches wide and about one-sixteenth of an inch thick. They play over pullies at bottom and top. There is great saving in lumber from their use, owing to their thinness, and, as well of money from the swiftness of their operation.

A DARK MYSTERY.

The Fate of John B. Hawkins Still Unsolved.

Three Months Missing and No Clue Yet.

The readers of the SENTINEL will remember the strange and sudden disappearance from this city last March of John B. Hawkins. Hawkins was formerly agent of the Singer Manufacturing Company at this point. In March he was indicted here for

ALLEGED EMBEZZLEMENT,

was arrested at Indianapolis and brought back here for trial. He gave bond for his appearance before Justice Ryan, and afterwards renewed the bond. On the day set for his examination, he appeared before Squire Ryan and was allowed to leave the office to get other security.

His wife received a letter the same day stating that he was unable to get bond, and that rather than be disgraced by going to jail, he would drown himself. He also told her to

LOOK FOR HIS BODY

in the St. Joseph River. Since that time he has never been seen or heard from, and no clue to his fate has ever been obtained. About three weeks after his disappearance Mrs. Hawkins left here with her children and went to Spencerville, O., where she now is. To-day a SENTINEL reporter, in conversation with a gentleman connected with the Singer Manufacturing Company, was informed that all efforts to obtain any clue to Hawkins's whereabouts had proved futile. Three months have passed by, and there is not a thread upon which to

HANG A THEORY.

Whether Hawkins made way with himself or went incognito to some far off land is all a matter of speculation. In fact, it seems to be a mystery that will never be solved. Those who are most familiar with the facts, believe that Mrs. Hawkins is as ignorant concerning her husband's fate as is every one else.

BAWDS AND BUMMERS.

A Select Gang Before the Police Court To-day.

James Smith, a driver employed at Fletcher's stables, was this morning holding down a chair at the mayor's court, viewing the surroundings and listening to the able speeches of Attorney Colerick and others. James, by the way, had another motive in being there—he was there by request. He was found unlawfully an inmate of a house of refreshment, and was requested to appear at the city hall this morning and give the whyners and whereforeners of this thuslessness. Colerick asked him if he had anything to say why that court should not sit down on him like a Fat Men's Club. James thought he had inasmuch as he was there on business, having taken Mr. Dan'l Ray, esq., to the said *mansion de joi*, and was merely waiting for Mr. Ray to make his appearance when he would take him back. Policeman Quilliman appeared instead and took Mr. Smith a-back. The court thought that much fun was worth at the very lowest estimate $6. Smith thought so too, cashed up and left.

The gay, the bright, the fascinating, the festive Mollie Nichols was also wanted. Ten dollars appeared in her stead, as did in the case of Dan'l Ray, above named.

Gustave Barran was gobbled on the fly by Officer O'Ryan last night. Gustave was arrested Sunday night at the residence of Nell Maynes. He, however, gently, firmly and silently slid out before reaching the calaboose, and was not recaptured until last night. His fine was assessed at $5. He gave replevin bail for that amount and went on his way rejoicing.

"It is better to laugh than be crying"—decidedly; and to enjoy your baby's laughing society use Dr. Bull's Baby Syrup, which relieves the chief discomforts of babyhood without stupifying the children. Price 25 cents a bottle.

CURED OF DRINKING.

"A young friend of mine was cured of an insatiable thirst for liquor, that had so prostrated his system that he was unable to do any business. He was entirely cured by the use of Hop Bitters. It allayed all that burning thirst; took away the appetite for liquor; made his nerves steady, and he has remained a sober and steady man for more than two years, and has no desire to return to his cups, and I know of a number of others that have been cured of drinking by it."—From a leading Railroad Official, Chicago, Ill.

THEY ARE WORTH THEIR
WEIGHT in GOLD
READ WHAT HE SAYS:

DR. TUTT:—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last Spring your Pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.
REV. R. L. SIMPSON, Louisville, Ky.

A TORPID LIVER

is the fruitful source of many diseases, such as Dyspepsia, Sick Headache, Costiveness, Dysentery, Bilious Fever, Agne and Fever, Jaundice, Piles, Rheumatism, Kidney Complaint, Colic, etc.

Tutt's Pills exert a powerful influence on the Liver, and will with certainty relieve that important organ from disease, and restore its normal functions.

The rapidity with which persons take on flesh, while under the influence of these pills, of itself indicates their adaptability to nourish the body, hence their efficacy in curing nervous debility, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health and strength to the system.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. When the constipation is of recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one pill should be taken every night, gradually lessening the frequency of the dose until a regular daily movement is obtained, which will soon follow.

Evansville *Tribune:* L. T. Smith, of Fort Wayne, is passing a few days in the city, and is greatly pleased with the city, its evidences of profit and wealth, and says all we want is a few more railways to make Evansville the great entrepot of Indiana.

Huntington *Democrat:* Hon. W. G. Colerick has again returned to Washington, his mother having almost entirely recovered from her late illness. Mr. Colerick is making us a creditable representative, and is always found at his post, voting on the side of the people upon all questions.

The Evansville *Tribune* says: An old citizen of Fort Wayne, who is passing a few days in town, after viewing the city says that there is no reason why Evansville should not, with proper railway feeders, become the first city in the state. He reasons from the history of Fort Wayne, which, under the impulse of its six railways, has nearly doubled in population and business in a very few years.

Major Drake is the boss casino player of the country.

THE RAILROADS.

The Pittsburgh folks are just now carrying the belt for big time.

New abutments are being put in the Wabash Railroad bridge at Peru.

There is some talk of putting a fast train upon the P. F. W. & C. R. R. shortly.

Sam Monahan was conductor of the fast train from Chicago to this city on Wednesday.

The excursion business, Wabash officers say, promises to assume large portions this summer.

The name of the deaf mute killed on the Richmond road near Fountain City Wednesday was Townsend.

The best time made by the fast train on the Pittsburgh road, Wednesday, was from Columbia City to Fort Wayne. A straight piece of track just nineteen miles long was covered in 19 minutes and 4 seconds.

The percent of operating expenses to gross earnings of the P. F. road during the past year were 0.465 per ton per mile, freight, and 1.208 per mile, passenger, which surpasses the record of any other American railroad save the Lake Shore.

The following paragraph appears in the St. Louis *Globe-Democrat:* It is said that R. E. Ricker, formerly general manager of the Terre Haute and Indianapolis road, has been offered the position of general manager of the Wabash road. He has the matter under consideration.

Speaking of the fast train over the Pittsburgh road on Wednesday, the Chicago *Times* says that "Tom Tully, who has been running on the Fort Wayne road for the past twenty years, and who has the reputation of being able to get more speed out of an engine than any man on the line, took the train out with locomotive No. 218. This engine has a splendid record for speed. Tully thinks nothing of covering a mile of track in a minute with her."

The Singers at Cincinnati.

The Arion Society, seventeen members, and the Sængerbund, nineteen members, are quartered at the Queen City Hotel, in Cincinnati.

Cooper, John Mohr, jr., and wife; Walnut Street House, Miss A. Cotton; Indiana House, C. E. Ryan, J. W. Ryan, D. Monahan, J. Bayless; Grand Hotel, J. H. Bass, George Strodel.

Matter of Interest to Travelers.

Tourists, emigrants and mariners find that Hostetter's Stomach Bitters is a medicinal safeguard against unhealthful influences, upon which they can implicitly rely, since it prevents the effects that an unhealthy climate, vitiated atmosphere, unaccustomed or unwholesome diet, bad water, or other conditions unfavorable to health, would otherwise produce. On long voyages or journeys by land in latitudes adjacent to the equator, it is especially useful as a preventive of the febrile complaints and disorders of the stomach, liver and bowels, which are apt to attack natives of the temperate zones sojourning or traveling in such regions, and is an excellent protection against the influence of extreme cold, sudden changes of temperature, exposure to damp or extreme fatigue. It not only prevents intermittent and remittent fever, and other diseases of a malarial type, but eradicates them, a fact which has been notorious for years past in North and South America, Mexico, the West Indies, Australia and other countries.

Excursion to Rome City.

The Young Men's and Ladies' Christian Association of the Reformed St. John's Church will have an excursion to Rome City on the 18th of June. Tickets, $1. Children, 50 cts. Train will leave at 7.05 a. m. Tickets for sale at Vordermark's shoe store. 6,10

HIGHLY SENSATIONAL.

Has Wm. H. Vanderbilt Clutched the Wabash and Erie Canal?

An Alleged Scheme to Checkmate Jay Gould.

The Wabash and Erie Canal for nearly half a century has been an important factor in the material interests of the west, and its future has proven a fertile subject of speculation to many of the great men of the country. The canal owes its importance principally to the fact that it passes through Fort Wayne. Formerly imaginative scribblers asserted that there existed in Fort Wayne a canal ring, which was doubtless somewhat mythical, but according to "Jayhawker," the Indianapolis correspondent of the Cincinnati *Enquirer*,

A BIG CANAL RING

has now been formed, which ring consists solely of the great railroad king of the country, Wm. H. Vanderbilt. "Jayhawker" tells his story in yesterday's *Enquirer*, and it is as follows:

RAILROAD COMBINATIONS

in the west are not as gigantic as those in the East, but they have a greater influence out this way than in the east. The latest rumor in regard to these matters is that after the capture of

THE WABASH ROAD

by Jay Gould at the last annual election, Mr. Vanderbilt determined to have a direct line to St. Louis and the Mississippi River independent of his Chicago connections, and has been looking the field over to see what he could capture. His eye finally alighted on

THE WABASH CANAL,

which has been abandoned for quite a number of years, and is now in the hands of a receiver. The line begins at Toledo and runs parallel with the Wabash Railroad to Attica, twenty-five miles west of Lafayette. The tow-path, right-of-way, ready-built towns and warehouses, are at hand for the accommodation of a railroad, so that all the local trade now held by the Wabash Road would be accessible to it. In fact, a first-class road can be built at the cost of ties and iron, from Toledo to Evansville, where it would have connection with the Ohio River and the grain fields of Southern Illinois.

WM. H. VANDERBILT

it is said, has seen this, but in addition has also arranged to capture the Lake Erie and Southwestern Road, now built from Fremont to the eastern line of Mercer county, O., and from there construct a line to Muncie, Ind., when he would connect with the reorganized

LAFAYETTE, MUNCIE & BLOOMINGTON

road, now running through to the Mississippi River. This, with the proposed connections to Indianapolis, would make all of this western country tributary to the New York Central at a much less outlay than would be required to get possession of the Wabash road. A meeting was held at Huntington, this state, last week, ostensibly for the purpose of reorganizing the canal company, but it is alleged that this was a mere blind, and that, at the proper time, Mr. Vanderbilt will appear on the back ground. This would enable him to get even with

JAY GOULD,

who scooped him out of the Wabash road. When the latter gobbled a majority of the stock, that portion necessary to control was quoted at from 2½ to 5, and no demand at that, for it is notoriously known that the Wabash road, neither the old nor the new company, have paid one cent in dividends from the time the road was built, and even now the reorganized company is borrowing money to pay interest on its debt. But in the face of these easily known facts Mr. Gould bulled the stock up to 38, and has it regularly quoted. It can be seen what an enormous margin he would have, could he unload even now, though the knowing ones (those who are always caught) assert that he will drive it still higher, and are aiding him by buying it.

THE CRASH

will come some day, and these gentlemen will begin life again at the bottom of the ladder. The Vanderbilt enterprises are on a different basis. He cares only for control, and when he has 51 percent of the stock he lets the remaining 49 contribute to his advantage, and if he can squeeze the operating expenses out of the line he is satisfied, because he gives that much additional tonnage to the Central Road.

It is not to be supposed that "Jayhawker" would place

HIS HAND ON THE BIBLE

and swear that every word of the above is true, although in fact the story is not in itself improbable. There is certainly one misstatement in the above. The canal is not in the hands of a receiver, having been sold at United States marshal's sale to a private company, the members of which live along the line of the ditch. Doubtless these gentlemen are ready and willing to receive an offer from Mr. Vanderbilt.

True Virginia Hospitality.

The Lafayette *Dispatch*, in referring to the recent Episcopal convention in this city, says:

The members of the convention speak in the very highest terms of the reception and of the hospitality with which they were entertained by the people of that city. Among the delegates were Col. C. S. Wilson, of Crawfordsville, and the writer of this paragraph. They were the guests of Mr. Hoffman, of Hoffman Brothers, the well-known lumber dealers of that elegant and prosperous city.

It is needless to say that Mr. Hoffman and his family exercised toward their guests the most unbounded Virginia hospitality. Nothing was left undone to make them perfectly at home and truly comfortable.

The Hoffman Brothers are running two of the largest saw mills in the state, in which are used the celebrated "band saws" of their own invention. Some of our readers may not know what these saws are. We will say that they consist of a strip of steel some thirty-four feet long, five inches wide and about one-sixteenth of an inch thick. They play over pullies at bottom and top. There is great saving in lumber from their use, owing to their thinness, and, as well of money from the swiftness of their operation.

A DARK MYSTERY.

The Fate of John B. Hawkins Still Unsolved.

Three Months Missing and No Clue Yet.

The readers of the SENTINEL will remember the strange and sudden disappearance from this city last March of John B. Hawkins. Hawkins was formerly agent of the Singer Manufacturing Company at this point. In March he was indicted here for

ALLEGED EMBEZZLEMENT,

was arrested at Indianapolis and brought back here for trial. He gave bond for his appearance before Justice Ryan, and afterwards renewed the bond. On the day set for his examination, he appeared before Squire Ryan and was allowed to leave the office to get other security.

His wife received a letter the same day stating that he was unable to get bond, and that rather than be disgraced by going to jail, he would drown himself. He also told her to

LOOK FOR HIS BODY

in the St. Joseph River. Since that time he has never been seen or heard from, and no clue to his fate has ever been obtained. About three weeks after his disappearance Mrs. Hawkins left here with her children and went to Spencerville, O., where she now is. To-day a SENTINEL reporter, in conversation with a gentleman connected with the Singer Manufacturing Company, was informed that all efforts to obtain any clue to Hawkins's whereabouts had proved futile. Three months have passed by, and there is not a thread upon which to

HANG A THEORY.

Whether Hawkins made way with himself or went incognito to some far off land is all a matter of speculation. In fact, it seems to be a mystery that will never be solved. Those who are most familiar with the facts, believe that Mrs. Hawkins is as ignorant concerning her husband's fate as is every one else.

BAWDS AND BUMMERS.

A Select Gang Before the Police Court To-day.

James Smith, a driver employed at Fletcher's stables, was this morning holding down a chair at the mayor's court, viewing the surroundings and listening to the able speeches of Attorney Colerick and others. James, by the way, had another motive in being there—he was there by request. He was found unlawfully an inmate of a house of refreshment, and was requested to appear at the city hall this morning and give the whyners and whereforeners of this thuslessness. Colerick asked him if he had anything to say why that court should not sit down on him like a Fat Men's Club. James thought he had inasmuch as he was there on business, having taken Mr. Dan'l Ray, esq., to the said *mansion de joi*, and was merely waiting for Mr. Ray to make his appearance when he would take him back. Policeman Quillinan appeared instead and took Mr. Smith a-back. The court thought that much fun was worth at the very lowest estimate $6. Smith thought so too, cashed up and left.

The gay, the bright, the fascinating, the festive Mollie Nichols was also wanted. Ten dollars appeared in her stead, as did in the case of Dan'l Ray, above named.

Gustave Barran was gobbled on the fly by Officer O'Ryan last night. Gustave was arrested Sunday night at the residence of Nell Maynes. He, however, gently, firmly and silently slid out before reaching the calaboose, and was not recaptured until last night. His fine was assessed at $5. He gave replevin bail for that amount and went on his way rejoicing.

"It is better to laugh than be crying"—decidedly; and to enjoy your baby's laughing society use Dr. Bull's Baby Syrup, which relieves the chief discomforts of babyhood without stupifying the children. Price 25 cents a bottle.

CURED OF DRINKING.

"A young friend of mine was cured of an insatiable thirst for liquor, that had so prostrated his system that he was unable to do any business. He was entirely cured by the use of Hop Bitters. It allayed all that burning thirst; took away the appetite for liquor; made his nerves steady, and he has remained a sober and steady man for more than two years, and has no desire to return to his cups, and I know of a number of others that have been cured of drinking by it."—From a leading Railroad Official, Chicago, Ill.

DUPLEIN'S DOSE.

A Plea of Guilty and a Two-Years Sentence.

Off for Michigan City.

The Duplein case came up again this morning, in the criminal court. Duplein is the man indicted for an attempt to murder his wife in St. Joe township on the 14th of last April. A good many people from his neighborhood were present, and considerable feeling seemed to be manifested against the prisoner. It will be remembered that on his former trial he was convicted, and the penalty fixed at five years confinement in the penitentiary. This morning he withdrew his plea of not guilty and entered a plea of guilty, whereupon Judge Borden sentenced him to two years in the penitentiary. Duplein will be taken to Michigan City at once. His wife seems to have entirely recovered from the injuries received at the time of the transaction. The divorce case is still pending and will soon be disposed of.

THE RAILROADS.

The Pittsburgh depot is being re-painted.

A large number of passengers were turned over to the P. F. W. & C. R. R. this morning by the Wabash.

The Wabash has been obliged to put on another sleeper between St. Louis and Boston to accommodate the through travel.

S. B. Sweet to-day celebrates the thirteenth anniversary of his connection with the Wabash Railway Co. The SENTINEL hopes he will live to celebrate thirteen more.

Death of W. S. Wood.

W. S. Wood died at 2 o'clock this morning, at his apartments, No. 142 Calhoun street, from the effects of the paralytic stroke sustained by him last Friday. Yesterday morning he was considered much better, but in the afternoon he began sinking, and realizing that death was nigh, sent for an attorney and made a will, bequeathing all his property, real and personal, to a married sister, residing in New York City.

The deceased was well and favorably know in this city as a man of sterling worth and integrity, and very affable manners. He was located in this city in 1865 and has been engaged ever since in the business of selling pictures and frames. He recently erected a handsome gallery, which was one of the most attractive places in the city. He had done much to popularize fine art in Fort Wayne, and his loss will be generally deplored.

The deceased was a bachelor, about forty-five years old, and his only near relative was the sister above mentioned, who was telegraphed for and is expected to arrive to-day. C. G. Smith, of Detroit, an intimate friend, was with him when he died.

THE BOUQUET WAR.

Grammar School Graduates Still Yearn for Flowers.

What They Threaten to Do.

The trouble between the graduating class of the grammar school and the superintendent and board, which was fully outlined in yesterday's SENTINEL, is attracting much attention, and the result is anxiously awaited. The board has not rescinded the order on the boquet question, and has no intention of doing so. The graduates are determined to get the boquets or perish in the attempt—so they say. A great many boquets have been ordered, one florist alone having orders for $45 worth.

A member of the class this morning said to a SENTINEL reporter that they proposed signing a paper during the day, pledging themselves to leave the stage in a body during the exercises if their friends and admirers are prevented from throwing up their floral tributes. That is the present intention, but in all probability, the young people will think better of it before the time comes.

Prof. Latham, principal of the school, was visited by a SENTINEL representative this morning, and said he anticipated no trouble whatever. Those who disired to testify their appreciation of any member of the class by a floral token could do so quietly, either before or after the exercises. The order complained of was for the best, and would be adhered to.

It costs Fort Wayne $15,000 or $20,000 to take in Cincinnati this week. If a project were set on foot to bring the whole of Cincinnati to Fort Wayne, and exhibit the entire business in every citizens' back yard there couldn't be raised over $50 for the enterprise.

Should any tramps in the vicinity or elsewhere feel aggrieved over the article appearing in the SENTINEL of last night, regarding the tramp nuisance, they are respectfully requested to call at this office and we will be happy to make any corrections they see proper.

The senior class of the Central Grammar School, who graduate to-night, yesterday presented Prof. Latham, their principal, with an elegant set of "The Old Poets" in twelve volumes. Prof. Latham was much affected by the present, which was entirely unexpected.

DUPLEIN'S DOSE.

A Plea of Guilty and a Two-Years Sentence.

Off for Michigan City.

The Duplein case came up again this morning, in the criminal court. Duplein is the man indicted for an attempt to murder his wife in St. Joe township on the 14th of last April. A good many people from his neighborhood were present, and considerable feeling seemed to be manifested against the prisoner. It will be remembered that on his former trial he was convicted, and the penalty fixed at five years confinement in the penitentiary. This morning he withdrew his plea of not guilty and entered a plea of guilty, whereupon Judge Borden sentenced him to two years in the penitentiary. Duplein will be taken to Michigan City at once. His wife seems to have entirely recovered from the injuries received at the time of the transaction. The divorce case is still pending and will soon be disposed of.

Death of W. S. Wood.

W. S. Wood died at 2 o'clock this moroning, at his apartments, No. 142 Calhoun street, from the effects of the paralytic stroke sustained by him last Friday. Yesterday morning he was considered much better, but in the afternoon he began sinking, and realizing that death was nigh, sent for an attorney and made a will, bequeathing all his property, real and personal, to a married sister, residing in New York City.

The deceased was well and favorably know in this city as a man of sterling worth and integrity, and very affable manners. He was located in this city in 1865 and has been engaged ever since in the business of selling pictures and frames. He recently erected a handsome gallery, which was one of the most attractive places in the city. He had done much to popularize fine art in Fort Wayne, and his loss will be generally deplored.

The deceased was a bachelor, about forty-five years old, and his only near relative was the sister above mentioned, who was telegraphed for and is expected to arrive to-day. C. G. Smith, of Detroit, an intimate friend, was with him when he died.

THE BOUQUET WAR.

Grammar School Graduates Still Yearn for Flowers.

What They Threaten to Do.

The trouble between the graduating class of the grammar school and the superintendent and board, which was fully outlined in yesterday's SENTINEL, is attracting much attention, and the result is anxiously awaited. The board has not rescinded the order on the boquet question, and has no intention of doing so. The graduates are determined to get the boquets or perish in the attempt—so they say. A great many boquets have been ordered, one florist alone having orders for $45 worth.

A member of the class this morning said to a SENTINEL reporter that they proposed signing a paper during the day, pledging themselves to leave the stage in a body during the exercises if their friends and admirers are prevented from throwing up their floral tributes. That is the present intention, but in all probability, the young people will think better of it before the time comes.

Prof. Latham, principal of the school, was visited by a SENTINEL representative this morning, and said he anticipated no trouble whatever. Those who disired to testify their appreciation of any member of the class by a floral token could do so quietly, either before or after the exercises. The order complained of was for the best, and would be adhered to.

It costs Fort Wayne $15,000 or $20,000 to take in Cincinnati this week. If a project were set on foot to bring the whole of Cincinnati to Fort Wayne, and exhibit the entire business in every citizens' back yard there couldn't be raised over $50 for the enterprise.

Should any tramps in the vicinity or elsewhere feel aggrieved over the article appearing in the SENTINEL of last night, regarding the tramp nuisance, they are respectfully requested to call at this office and we will be happy to make any corrections they see proper.
